What are the realities? Possibilities of success?

Are these the questions that you have been asking yourself,
Then please take a few minutes and read this brochure...

**ASPIRING
TALENT
BOOT CAMP**
www.aspiringtalent.com

I have been in this industry for over 20 years and from my experiences as a Producer and Publisher, I have met and worked with some pretty amazing people in all facets of the business. I have also met thousands of parents who wanted to help their child break into the entertainment industry, but lacked the understanding, knowledge and guidance to make it a reality.

As a motivational speaker and also a parent, I believe that the performing arts is a great avenue to teach life skills including: **building self esteem, how to express themselves, interviewing skills, public speaking** and of course, **a positive self image**. Our performing arts camp was created to not only be a guide to aspiring talent, but parents as well, which is why we require all talent under the age of 18 to attend with at least one parent. It is first important to build a foundation, therefore camp is taught in a non-competitive environment.

Upon acceptance to attend our program, you will meet, network and work with some of the world's top industry professionals in the business, while building the tools necessary to succeed. Visit our testimonials and success stories page at our site to hear some of the amazing stories of families and talent we have helped to date. You could be next!

The Benefits of Attending the Camp

Aspiring Talent Boot Camp is not a modeling school, convention or scouting service. Talent Camp is a continuing education opportunity for aspiring talent and their parents taught in a *non-competitive* environment. The Camp is taught by a variety of top industry Leaders: **Top Agents, Scouts, Managers, Casting Directors, Actors, & Models.**

You are guaranteed to walk away with the following:

12-Month Action Plan - Personalized for you to meet your goals and needs. Every career requires step by step action. Pursuing a career in the entertainment industry can be daunting. By setting realistic goals and focusing on achieving each one sequentially it is no longer a question of can I do it, only a matter of when.

Training Workshops - During the Camp, you will go through a series of workshops taught by experienced professionals in an open forum creating a unique learning opportunity followed by a Q&A session.

Business Seminars - Top Industry professionals will teach you and your parents how to conduct yourself in this business and what steps are necessary for success. Each seminar will include a Q&A session with each instructor.

Photo Shoot - Our photographers have shot campaigns for major brands such as Burberry, Louis Vuitton, Marie Claire, Ocean Drive, Italian Vogue, CosmoGIRL. At Camp, we will shoot an in-studio acting headshot and also a second look that captures your unique style and personality.

Post Camp Benefits and Support

The Talent Camp Weekend is just the beginning of your journey:

Guidance: One of the unique aspects of the **Talent Camp program** is our continued guidance and support after you leave Orlando. Our belief is that success is earned in time with hard work, support of the family and by making wise choices. Our 12-month ACTION PLAN will provide you a step-by-step practical road map outlining the steps of development. Using the tools and feedback we produce at the Camp, our team will continue to track and support the family along the way. As things start to happen for you, we will be there to make sure it is the best choice for your career without any additional compensation* to ESB Productions.

Research: Every market is different, but even in the smallest marketplace, opportunities exist. Once you start implementing your ACTION PLAN, you will start to research and build your contacts and learn to open your own doors. As you begin to develop your skills and become a Talent-Plus person, others will notice your talent and commitment.

Contacts: To say this is a "Who you know business" is an understatement. Peter Glenn Publications, our sister company has built long standing relationships to talent agencies, casting directors, producers, photographers all over the world. Using our resources, you will begin to outline contacts in your area that you want to know and who are looking for talent.

The Difference: Most other programs put the emphasis of being discovered or being successful at the conclusion of their weekend event and go home empty handed, sad and upset, but we look at the weekend as the beginning of the journey. Additionally, because of our continued guidance and support to the family, we allow some payments toward your Camp tuition to be paid after you attend our program. Please see our Terms & Conditions page for details.

If you think you have what it takes, then put it to the test at our next Camp... It can make all the difference!

Parent Participation: The Key to Success

The entertainment industry is a complicated business. Having talent is not enough to succeed, which is why it is imperative that an aspiring talent has the support, knowledge and understanding of a parent or loved one. Our Camp not only helps the talent develop a better understanding of their potential marketplace, but also helps develop the skills and tools needed to be successful. One key element to being successful is learning how to open doors and creating opportunity even in the smallest marketplace.

For this reason, we believe it is vital that the parents are armed with the right information to support and guide their child, which is why we require all talent under 18 years of age to attend with at least one parent. If you are 18 years or older, we strongly encourage you attend the program with a parent or loved one, as there will be times you will need the additional support and encouragement along your journey. By the end of the weekend you will have a thorough understanding of this industry, how it works and what your role as a parent will consist of. More importantly, you will be leaving the Camp with confidence because you will be armed with our 12-month ACTION PLAN that breaks down each step and timeline to support yourself or your child on this journey.

The Talent Camp weekend is action packed, filled with valuable information and development. Our instructors work to help the family gain a better understanding of their individual starting point and how to move forward immediately after the Camp is over, therefore we highly suggest that both parents attend, if possible, and offer a 50% off discounted price on the second parent pass.

Acceptance Into Our Program

Our Talent Camp is an **INVITATION ONLY** event and is *NOT* for everyone. We select the talent that is allowed to attend our camp through castings, individual scouting, referrals and our online application process. Once an application has been submitted, our review board looks at the talent's application, image, geographical location, and age to determine whether the application should be sent to a Producer to conduct a phone interview with the talent or parent.

Based on that phone interview, the Producer will determine if the talent's application will be accepted. Because we have limited spots, you have 14 days from the date of acceptance to accept the invitation. If you are serious about learning how to break into this industry legitimately, have an outgoing personality, self confidence, and are willing to work hard for your dreams, then you may be a good candidate.
